

4 Bedroom Villa For Sale in São Brás de Alportel

Ref: Açucena

Upon entering the property, you are greeted by a Portuguese cobblestone path that leads you to the main door and the carport for 2 cars.

Completely renovated in 2019 with great taste, maintaining all its charm, this single-storey villa divides its 200m² between a spacious and welcoming entrance hall, a bright living room with a wood-burning stove and a modern, well-equipped open-plan kitchen with access to a beautiful covered terrace, where you can enjoy the views and sunny afternoons. It also has a laundry/utility room and a guest bathroom. In a more private area, you will find 2 bedrooms with wardrobes and a bathroom shared by both bedrooms, and at the end of the corridor, you will find the master suite with plenty of storage space, a private bathroom with shower and access to the large terrace with a beautiful view of the mountains and swimming pool.

Integrated into the main house but on the lower level, facing the pool, there is an area that has been converted into a one-bedroom flat consisting of a living room, kitchen, bedroom and bathroom. It has a separate entrance, making it the ideal space for entertaining friends and family while maintaining your privacy.

Outside, there is a magnificent swimming pool made of natural stone and treated with salt. There are several parking areas, landscaped areas with mature trees, automatic irrigation and several areas transformed into charming places to sit and relax.

It is equipped with solar panels for water heating, mains water and a septic tank.

 4 bedrooms	 4 bathrooms
 200 m ²	 1810 m ²
 2019	 Pool
€ 1,090,000
